

The rainy night and morning kept many of the shooters home and dry. It is not good to get the guns wet. One shooter was out of town, one was sick, and two could not get ammo ready due to water in their basement. The others travel pretty far and we're afraid of the rain predictions. So, just John Henry Slaughter and I (Jessie Belle) we're the only brave souls.

The rain cleared up pretty well, and shooting was very quick. Not only because of the low amount of shooters, but because the guns were flying fast the day literally flew! Jessie Belle had her best day ever with a clean match and took first place overall and first place Cowgirl category with 252. John Henry Slaughter took second place and first place Cowboy category with 294.

It is always a great time shooting. We also needed practice for the upcoming State Match on September 23rd to the 25th.

Hope to see you October 9th for our next match at 10:00AM. Spectators welcome with ear and eye protection.

Happy Shootin'
Jessie Belle
